

Dokt Board 2018 November 2018

Focus Matters

These matters should be of high priority for the Dokt board 2019.

Writing Workshops

There have been discussions to start to host writing workshops in collaboration with genombrottet. This could be a good opportunity for PhD students to meet and could also help to reduce overall stress.

it is the responsibility of the Dokt board 2019

to host writing workshops in collaboration with genombrottet

Anchoring (sv: förankring)

Historically, anchoring of opinions within the PhD student population has been difficult since there have been few ways of reliably contacting all PhD students at LTH. To further build trust in the opinions presented by Dokt, the anchoring process has to be improved.

It is the responsibility of the Dokt board 2019...

to investigate how to further query members opinions on contemporary matters,' to investigate the possibility of a regular survey to query members opinions,

to map the PhD student population at LTH,

to develop methods of quickly sending information to all PhD students at LTH

Monitoring Matters

The Swedish government has produced a investigation on how higher education in Sweden can be further internationalised.

It is the responsibility of the Dokt board 2019...

to monitor the consequences of the investigation.

Social Matters

It is the responsibility of the Dokt board 2019...

to organise one pub activity each semester,

to arrange a university detached non-alcohol activity, to arrange further events if there is apparent interest.

Internal Development

Homepage

It is the responsibility of the Dokt board 2019...

to investigate the purpose of the Dokt web site, to investigate hosting possibilities,
to update the web site.

Collaboration with LDK

It is the responsibility of the Dokt board 2019...

to develop the relationship with LDK,
to investigate the possibility of joint board meetings.

Mapping of posts

We need to know where we are represented in order to be able to efficiently affect university policy.

It is the responsibility of the Dokt board 2019...

to create a list of all positions where Dokt has the right to be represented.

Awareness

It is the responsibility of the Dokt board 2019...

to raise awareness of Dokt among PhD students at LTH.

Opinion Document

There is an opinion document, FFUP, which should cover the opinions of the PhD students at LTH which the sabbatical officers use to respond to questions about the PhD students opinions. This document was last updated 2015 and should perhaps be revised.

It is the responsibility of the Dokt board 2019...

to review, and if needed update the FFUP.
